

BREATHE FREELY AUSTRALIA

# Supporters Pledge

is a signatory organisation and Supporter to the Breathe Freely Australia pledge to prevent dust-related occupational lung diseases.

Signatories to the Supporters Pledge are committed to actively protecting worker's health from dust diseases.

## My organisation commits to:

1. Assess which work activities have the potential to cause dust-related occupational lung diseases
2. Develop and deliver a preventive plan to eliminate or reduce the risks of developing dust-related occupational lung diseases.
3. Educate managers to understand risks of dust-related occupational lung diseases and to manage them proactively as a significant health issue
4. Consult with employees to ensure they use the preventive measures appropriately, and check the effectiveness of preventive measures through provision of health monitoring, if needed.
